

**Marzena**<sup>®</sup>  
for longer lasting smooth skin.

# hair lightener

**FOR FACE & BODY**

Gently lightens even the darkest hair greatly reducing its visibility.

**IMPORTANT**

Please read and fully understand these instructions before use.

**FOR CONFIDENCE AND COMFORT**

Always do a test area before each and every treatment. Mix the creams (see directions), then apply to a small section of the area you wish to bleach or lighten (about 1 inch or 2.5cm). Leave on for 7-9 minutes. Rinse off with cool water. Wait 24 hours. If there is no redness, irritation or inflammation, proceed with treatment.

**CAUTION** If skin becomes irritated or feels tender after application, remove mixture immediately. Wait 24 hours before re-applying. Try again, but make a milder mixture by adding more Lightener Cream to the mix. If skin is still sensitive, do not continue.

---

**WARNING** Failure to observe the following could result in severe skin irritation or other injury.

**DO NOT** apply to inflamed, chapped, irritated or broken skin or sores. Wait until skin is completely healed.

**DO NOT** apply near the eyes or vaginal area. If mixture does get into the eyes, rinse immediately with plenty of cool water.

**DO NOT** use on eyelashes

**DO NOT** use after a hot bath or over skin creams and deodorants. Open pores increases sensitivity.

**DO NOT** use metal dishes or applicators. Use the mixing dish and spatula provided in the pack.

**DO NOT** try to store the mixed solution. Wait until you are ready to apply BEFORE mixing.

**KEEP OUT OF REACH  
OF CHILDREN.**

**FOR EXTERNAL USE ONLY,**

**DO NOT INHALE.**

**CONTAINS  
HYDROGEN PEROXIDE  
AND AMMONIA.**

## **DIRECTIONS**

*Six simple steps for use.*

- 1.** Prepare the area to be treated by washing gently with soap and cool water and dry.
- 2.** Squeeze an equal amount of cream from each tube into the mixing dish provided. Replace the caps on the tubes. (Be sure to replace the correct cap on the correct tube)
- 3.** Use the spatula provided to quickly and thoroughly mix the two creams in the mixing dish.
- 4.** Use the spatula to evenly spread the mixture on the hair to be lightened. Make sure all hair is completely covered. Do not rub in
- 5.** Lightening time varies with each person. Wait 7-10 minutes. Wash off a small area with cool water to see if the desired result is achieved. If hair is not as light as desired, apply extra mixture to the area tested. Wait 5-15 minutes more (to a maximum of 25 minutes)
- 6.** Remove cream with spatula. Tissue off any excess cream, wash area with cool water and pat dry.

### **AFTER LIGHTENING**

- 1.** Dispose of any unused mixture carefully and safely.
- 2.** Wash mixing dish and spatula thoroughly ready for reuse. Tighten caps on tubes securely.

**Always store your Marzena product  
in a cool dry place.**
