**IN-SHOWER  
APPLICATION**

**For Legs and Body**

**WARNING:** Do a patch test 24 hours before use, on the area to be treated. Discontinue if reaction occurs within 24 hours. Don't use on sun affected or broken skin, including recently shaved areas, scars, irritated or inflamed skin, or if history of eczema or dermatitis. Don't use immediately before or after washing and don't apply deodorant, soap or perfume to area for 24 hours. Rinse hands thoroughly after applying Cream. Should the product directly or indirectly touch the eyes, ears, lips, nipples, perineal or vaginal/genital areas, injury could result. Rinse immediately and seek medical advice.

**DO NOT USE ON THE FACE  
AVOID CONTACT WITH EYES  
KEEP OUT OF REACH OF CHILDREN**

## **DIRECTIONS**

- 1.** Ensure skin is clean and free of moisturiser or soap.
- 2.** Apply the Cream to the skin with the Spatula. Either in the shower or just before if this is easier for you.
- 3.** If in the shower ensure no direct water spout knocks off the Cream.
- 4.** Wash your body in the normal way.
- 5.** After 3 minutes, using the Sponge check to see if a small amount is ready to be wiped away.
- 6.** If resisting (depending on the thickness of the hair) wait up to a maximum of 7 minutes until the hair can be wiped away freely.
- 7.** After a maximum time of 7 minutes remove all Cream from the skin. Wash off with water. Do not use soap.
- 8.** Ensure the sponge is thoroughly clean. Wipe the shower floor to avoid it being slippery.
- 9.** Click cap back into place on bottle.
- 10.** Store bottle in the carton in a cool place.
